- **Pond Road Cemetery:** Maintained trimming and removal of tree debris.
- **Farm Road Cemetery:** Maintained trimming and removal of tree limbs. Restoration, Repairs to many of the headstones dislocated from their bases and some that were able to be straightened. Unexpected wind storm caused a large white pine to break and fall across the cemetery and headstones. Prompt and efficient removal by Phil's Tree Service's crane was appreciated.
- All cemeteries were maintained capably by the Sexton, Durwin Clark and his assistant Elizabeth Clark. Memorial Decorating was done by Cemetery Trustees and the Sexton and Assistant. Thanks to Jill Lane for ordering Memorial Flowers; to Susan Farrell and Linda Bergevin for planting geraniums on the designated graves.
- **New Veteran's marker flag holders and American flags** were purchased through the American Legion at a significant cost savings of about \$2.00 per unit over the previous vendor.

The Sexton team and Trustees did final clean-up of cemeteries on Veteran's Day Sunday in November, removing trash, dead plant debris and any worn flags or those fallen to the ground. Additionally, removed flags that were in excellent condition, conserving for reuse in 2018 season, again saving money.
