3. Treasurer's Report

- Becky not in attendance; Manifest next month

4. Public Comments

- Bruce Smith. Wanted to thank School Board for serving. Proposed bus contract - less than what we've been paying; suggests that should we approve it, make approval conditional on future appropriations. Ken, we would have no option if it's in a child's IEP. Melinda, concerned that it would most impact those who rely on it the most.

5. Old Business

- Enrollment update – for non-public
- Transportation – contract, covered in public comment

6. Superintendent's Report – none (covered in other agenda items)

7. Setting the Next Meeting Agenda

8. Public Comments

- Bruce Smith – shared two additional items
- Low and moderate homeowner's property tax relief program – needs to be submitted in May and June, annual opportunity, DP8 form. Income eligibility would refund a credit of the state education tax
