

SURRY SCHOOL DISTRICT POLICY

SECTION F: FACILITIES MANAGEMENT

Section F contains policies on the management of school district facilities. The Surry School Board does not operate any schools and is recognized as a sending district. Therefore, the Surry School Board recognizes and incorporates by reference the facilities management policies and procedures applicable to students and parents/guardians of students attending the receiving school district and adopted by the receiving school boards in the school districts where Surry resident students attend school.

Questions about the receiving district's policies and procedures should be addressed first to administrators at the receiving district.
