

SURRY SCHOOL DISTRICT POLICY

SECTION I: INSTRUCTION

Section I contains policies on the instructional program: basic curricular subjects, special programs, instructional resources, and academic achievement. The Surry School Board does not operate any schools and is recognized as a sending district. Therefore, the Surry School Board recognizes and incorporates by reference the policies in instruction applicable to students and parents/guardians of students attending the receiving school district and adopted by the receiving school boards in the school districts where Surry resident students attend school. Students are required to comply with applicable policies and procedures adopted by the school districts of the schools they are attending.

Questions about the receiving district's policies and procedures should be addressed first to administrators at the receiving district.
